Featuring Canadian Artists who have performed for the Canadian Forces in Afghanistan!!

- **GLASS TIGER** (Multi-Juno Award Winners)
Band members Alan Frew, Sam Reid and Al Connolly have already demonstrated they clearly support our troops. Mr. Reid has also been in Bosnia and the North Pole for the same reason. Glass Tiger has a long and proud musical history with hits reaching around the globe! Band members are also planning a return visit to Afghanistan as part of the troop pull-out initiative. Glass Tiger ... extremely talented and inspiring musicians committed to our Canadian Forces !!
- **JULIAN AUSTIN** (Juno Nominee and best selling country artist)
Julian has also performed for the troops in Afghanistan, Bosnia and Southeast Asia, bringing his deep-rooted support of our soldiers, past and present, to the forefront with patriotic songs such as 'The Red and White'; Julian's presence at this event will be yet one more example of his musical prowess and values.
- **GEORGE LEACH**
Aside from appearing in several films, George's Blues & Rock guitar infused talent has placed him on stage with the likes of Bo Diddley, Robbie Robertson, Robert Randolph and many other accomplished artists; having previously won 'Best Male Artist' and 'Best Rock Album' at the Aboriginal Music Awards, George's First Nations' heritage will come to life in a moving and powerful musical tribute to his Grandfather, a WWII Veteran, showcasing his inspiring music to all.
- **LADIES FOR LIBERTY**
Direct from Louisville Kentucky, this beautiful trio has performed for military programs across the United States and now they're ready to bring a taste of the Andrews Sisters 1940's musical era to Saskatchewan! It's time to 'Boogie Woogie Bugle Boy' down to the show ... as long as you 'Don't Sit Under the Apple Tree' !
- **DENNIS LECLAIR**
Dennis has a very special place in his heart for our Canadian Forces. His grandfather and father were in the military and most recently his cousin has returned home safe from Afghanistan. In late November '08, Dennis was watching a television special regarding our Canadian Military. The faces and names of our heroes who had fallen in Afghanistan were shown, one at a time. This presentation was very moving and prompted him to write the song "[To Our Canadian Troops](#)". Dennis hopes the song captures the essence of an "open letter" to our troops, how we feel about what the men and

women of the Canadian Forces are doing overseas and wishing our troops a safe return home to their families and friends.

- **UNITED STATES AIR FORCE HONOR GUARD PRECISION DRILL TEAM** in a first-ever Canadian team appearance, from Washington, DC
The Pentagon has now approved an extremely rare out-of-country appearance for the Honor Guard, with a special Tribute demonstration to Canada's Veterans of past conflicts and to our currently serving Canadian Forces this first-ever approved visit to Canada is in Saskatchewan !! An appearance that cannot be missed.
